# SPOTLIGHT

## Is your student at risk of dropping out of school?

The desire to drop out of high school typically builds day by day and happens over a period of time. Factors that contribute to students dropping out include:

1. Absences/Tardies. Students who miss more than five days in a term often fall behind and feel frustrated in their ability to catch-up and decide to give up.
2. Lack of engagement in class, often with behavioral problems. Teens who don't keep up with assignments, or who are in constant trouble, may end up dropping out.
3. Difficulty in core subjects. Students who are failing in math, science, English or social studies may have to repeat a grade. Teens who are held back often decide to drop out.

If you see these signs, contact our counselors. Ask for help getting your student back on track!

## STUDENT SUPPORTS FOR SUCCESS

- LCCA offers a variety of student supports to assist students who have fallen behind or just need some additional help. We provide before & after school tutoring, WIN Time during lunch, and Saturday School. We encourage students & parents to consult a teacher if interested.
- On September 26th from 6-8:30 pm, Eagle Ranch will be hosting a one night event for educators and parents called Kids' Brains and Screens. Click [here](#) for more info.

## BACK TO SCHOOL BASICS NIGHT

Please join us for Back to School Basics: Helping your Student Succeed at LCCA on August 15, 2024 at 6pm!!

- Attendees will receive information about the credits required for graduation, course scheduling, and school wide expectations.
- We will also discuss how technology is incorporated in the classroom and how parents can support their students in technology use at home.

We hope to see you there!!!
