## Message from Administration

Parents,

This has been a challenging winter! Students have missed several days of school due to the weather, and we want to do whatever we can to help them catch up. Please let your child's teachers or school leadership know of any concerns as we move forward. Teachers are available for before school or after school tutoring opportunities as needed.

Please consider taking 5 minutes to complete our [DOE School Climate Survey for Families](#). Thank you!

## News

- Please help us emphasize to your child that work must be turned in on time! Students have a limited amount of time to turn in an assignment after missing school.
- If you are interested in joining our Parent Council, please email [Mitch Murphy](mailto:Mitch.Murphy). Our next meeting will be at 1 PM on Thursday, March 12. This can be attended in person or by Zoom.
- Do you have a contact that could help a student get a job or an internship? Please let LCCA know! This is an important connection we can make for students at LCCA.
- LCCA does not allow cell phones to be visible or used in the classroom unless the phone is being utilized as part of a lesson.

## Parent Homework Help Tips!

- Even older students are helped by having an established routine. Create a designated place and time for homework.
- Ask your child to teach you about their assignment to help them learn by teaching.
- Encourage your child to break difficult assignments into smaller chunks to complete instead of one large task that might overwhelm them.
